

Norton 360 with LifeLock

Devices + Online Privacy + Identity Protection

Help block hackers from your devices, keep your online activity private and protect your identity, all-in-one. It's never been easier.

Real-time threat protection for your devices

Multi-layered, advanced security helps protect against existing and emerging malware threats to your devices, and helps you protect your private and financial information when you go online.

Password Manager

Easily create, store, and manage your passwords, credit card information and other credentials online – safely and securely.

Credit Monitoring¹

Monitor key changes to your credit with a leading credit bureau, and alerts you to help detect fraud.

Privacy Monitor

Your address and phone number can be easily found on the web. We scan common people-search sites to find your information, and help you request to opt-out.

Million Dollar Protection™ Package⁺⁺⁺

You will be covered for personal expenses you incur and money stolen as a result of identity theft, up to the limits of your plan. We will also provide lawyers and experts, up to \$1 million, if needed to help resolve your case.

Norton Secure VPN

Browse anonymously and securely with a no-log VPN. Add bank-grade encryption to help keep your information like passwords and financial details secure and private.

LifeLock Identity Alert™ System[†]

Alerts you if your Social Security number, name, address, or date of birth are used in applications for credit or services.

Parental Control[‡]

Manage your child's activities online. Help them explore, learn, and enjoy their connected world safely.

‡ Norton Family/Parental Control can only be installed and used on a child's Windows™ PC, iOS and Android™ device but not all features are available on all platforms. Parents can monitor and manage their child's activities from any device – Windows PC (excluding Windows in S mode), Mac, iOS and Android – via our mobile apps, or by signing into their account at my.Norton.com and selecting Parental Control via any browser. Mobile app must be downloaded separately. The iOS app is not available in all countries.

Popular browsers are supported, including Chrome, Edge, and FireFox. Parental Control portal access is not supported on Internet Explorer. On iOS and Android, the in-app Norton Browser must be used to get the full benefit of the features.

§ Dark Web Monitoring is not available in all countries. Monitored information varies based on country of residence or choice of plan. It defaults to monitor your email address and begins immediately. Sign in to your account to enter more information for monitoring.

† We do not monitor all transactions at all businesses.

††† Up to \$1 million for coverage for lawyers and experts, collectively, if needed, for all plans. Reimbursement and Expense Compensation, each with limits of up to \$1 million for Ultimate Plus, up to \$100,000 for Advantage and up to \$25,000 for Standard. Benefits under the Master Policy are issued and covered by third party insurance companies.

1 If your plan includes credit reports, scores, and/or credit monitoring features ("Credit Features"), two requirements must be met to receive said features: (i) your identity must be successfully verified with Equifax; and (ii) Equifax must be able to locate your credit file and it must contain sufficient credit history information. IF EITHER OF THE FOREGOING REQUIREMENTS ARE NOT MET YOU WILL NOT RECEIVE CREDIT FEATURES FROM ANY BUREAU. If your plan also includes Credit Features from Experian and/or TransUnion, the above verification process must also be successfully completed with Experian and/or TransUnion, as applicable. If verification is successfully completed with Equifax, but not with Experian and/or TransUnion, as applicable, you will not receive Credit Features from such bureau(s) until the verification process is successfully completed and until then you will only receive Credit Features from Equifax. Any credit monitoring from Experian and TransUnion will take several days to begin after your successful plan enrollment.

¶ Home Title Monitoring feature includes your home, second home, rental home, or other properties where you have an ownership interest.
