

Identity theft protection and a whole lot more

Our benefit plans incorporate multiple layers of modern digital protection to help employees — and their families — stay more Cyber Safe.

Identity and Financial Protection

Keep my personal information and finances safer

Identity theft and financial fraud can disrupt you at any time. Proactive monitoring and expert support help limit long-term impact, protecting financial stability, confidence, and productivity as responsibilities grow.

Digital Protection

Help protect my online life from scams and security threats

Always-on protection helps reduce exposure across everyday devices, supporting you as your digital lives expand to include families, shared finances, and multiple users.

Privacy Online

Give me control of my personal data

As digital footprints expand over time, personal data becomes easier to exploit. Privacy tools help you reduce data exposure — lowering the risk of scams and identity theft.

Secure Financial Wellness

Help me manage and grow my finances

Financial confidence evolves over time. These tools help you understand and navigate finances at every stage of your life.

Norton LifeLock Benefit Plans include industry-leading brands:

#1 most trusted identity theft protection brand.¹

#1 top-of-mind customer Cyber Safety brand.²

No one can prevent all identity theft or all cybercrime.

Smart Firewall

No one can prevent all cybercrime or prevent all identity theft.

We do not monitor all transactions at all businesses.

* Feature availability subject to change.

¹ Credit features require setup, identity verification and sufficient credit history by TransUnion and/or Equifax. Credit monitoring features may take several days to activate after enrollment.

² The credit score provided is a VantageScore 3.0 credit score based on Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

³ The credit scores provided are VantageScore 3.0 credit scores based on data from Equifax, Experian and TransUnion respectively. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

⁴ Reimbursement and Expense Compensation, each with limits of up to \$1 million for Benefit Essential, Premier, and Premier Plus, and up to \$50,000 for LifeLock Benefit Junior (\$25,000 reimbursement coverage and \$25,000 fraudulent withdrawals). All plans include up to \$1 million in coverage for lawyers and experts. Cyber Crime Insurance, if applicable, covers up to \$50,000 for covered expenses per Plan. All benefits are issued and covered by third party partners. Policy terms, conditions, and exclusions at: [gendigital.com/legal](https://gen.digital.com/legal).

⁵ Locking your credit file won't stop all companies from pulling your credit file. The credit lock on your TransUnion file will be unlocked if your subscription is downgraded or cancelled.

⁶ Subject to eligibility requirements defined in Terms & Conditions. Norton reserves the right to change and/or cease services at any time.

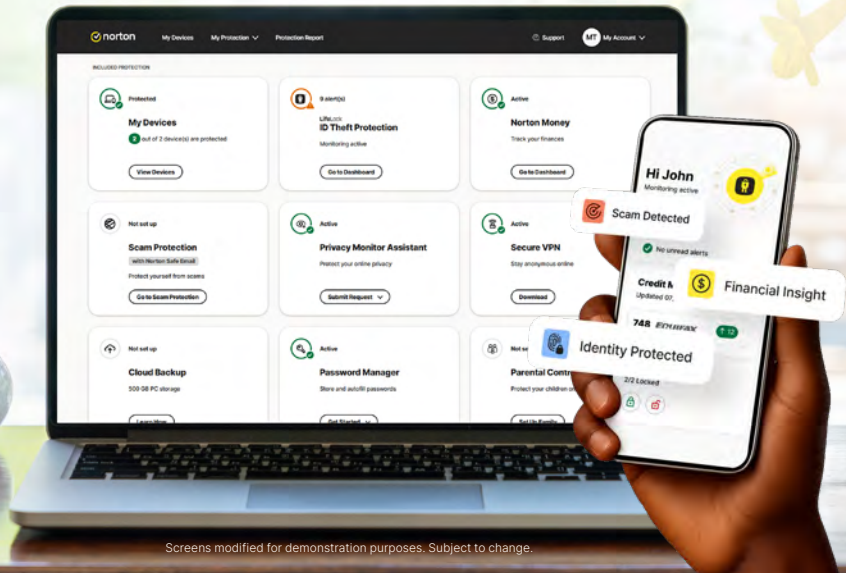

⁷ Does not include monitoring of chats or direct messages.

⁸ Cyber Bullying Coverage is not available to residents in New York.

⁹ Parents can monitor and manage their children's activities from a web browser on any device. Parental Control features can only be installed on Windows™ PC, iOS, and Android™ devices. Not all features are available on all platforms. For additional details, see <https://us.norton.com/feature/parental-control>.

¹⁰ Automatic Deepfake Protection works only on YouTube and Facebook for videos in English, manual scan can be used on other platforms. It requires a Windows Copilot+ PC with a compatible Qualcomm or Intel processor and a supported browser. For system requirements and compatibility, see <https://norton.com/deepfakesupport>. Deepfake Protection in Norton Genie AI Assistant is currently available in early access and only YouTube videos in English are supported.
